About CCGI

The California College Guidance Initiative (CCGI) partners with K-12 school districts to provide technological tools that support students and parents as they plan, prepare and figure out how to pay for college.

CaliforniaColleges.edu

The go-to source for college and career planning in California.

The Professional Center

The educator-facing website to track student activities on CaliforniaColleges.edu.

CCGI's Educator portal, **CCGI Solutions**, is a growing archive of resources for educators and college access professionals. Use **CCGI Solutions** to find available lesson plans, student handouts, educator guides, best practices, and Frequently Asked Questions that will help you promote CaliforniaColleges.edu to students and their families.

How do you access **CCGI Solutions**?

- Visit www.CaliforniaColleges.edu
- Click on *Educators*.
- Scroll down to *Other Resources*.
- Click on *Visit the Educator Success site to search lesson plans, FAQ, and other tools*.
- You can also bookmark this link: <https://ccgi.secure.force.com/solution/SolutionSearch>

How can I find resources by keyword?

Enter a keyword and hit Search. If you enter a multiple-word phrase, such as *financial aid*, the portal will look for anything that has the words "financial" and "aid" in the title or description. If you type the phrase with quotations ("*financial aid*"), the portal will look for anything that has the entire phrase "financial aid" in the title or description.

How can I find resources by Category(ies)?

Check only the category(ies) you are interested in, do NOT enter a word in the search box, and click Search. You will search all resources in the category(ies) that you selected.
