GET STARTED WITH THE PROFESSIONAL CENTER

Here are some of the helpful features you'll find in the Professional Center

Students & Groups

Find and view individual portfolios, reset student passwords, define groups of students, and manage your groups.

Reporting

Create reports that show site usage, assessment results, and planning outcomes for students at your school.

Resources

Find user manuals, lesson plans, and quick reference guides to help you make the most of your system.

Communication

Send or review messages and manage events that appear on student calendars.

Administration

Users with administrative access (professional center accounts created with an administrator code) can customize Plans of Study, graduation requirements, Milestones, ILPs, update their school's master course list, edit local scholarships database, change access codes and manage professional accounts at their school or site.

Companion Student Center Account

From the home page of your Professional Center account, you can access your companion student center account by clicking **Go to Choices360**. This appears in the right hand column. Your companion student center account allows you to use all of the features of the real student center without having your answers and results counted when you run reports on the Reports tab mentioned above. Disable any popup blockers that may exist.
