- Save all your work in your lifelong portfolio
- Use the ACT/SAT and GRE Test Prep

Not sure where to start? Use the **Guideways** designed specifically for adults in transition, or take a **site tour** to walk you through step-by-step.

About College In Colorado

Colorado ranks in the top five states nationwide for the greatest number of degree holders per capita, yet only one in five Colorado ninth-grade students will earn a college degree, ranking the state in the bottom quartile nationally. College In Colorado was initiated by the Department of Higher Education (DHE), which serves the citizens of the state of Colorado by promoting access to, affordability of, and success in higher education for all students. College In Colorado is charged with helping all Coloradans explore career and education pathways, break down barriers to postsecondary attainment, and create a plan for their postsecondary and workforce success. A cornerstone of the campaign, www.CollegelInColorado.org, offers a one-stop resource to help students and parents plan, apply and pay for college.
