

Oklahoma State Regents for Higher Education

ACADEMIC SCHOLARS

Academic Scholars Program 2018-19 Year-End Report

Highlights:

- ◆ Funding for nonresident students was completely eliminated in 2018-19 and therefore the data for 2018-19 does not include nonresident students. Consequently, many comparisons with 2017-18 and prior years, such as total awardees and freshmen awardees, show significant decreases.
- ◆ A total of 1,494 students at Oklahoma public and private colleges and universities were enrolled in the Academic Scholars Program in Fall 2018, a decrease of 1,006 students or 40 percent from 2,500 students enrolled for Fall 2017.
- ◆ The 2018 freshmen class totaled 377 students (211 “automatic qualifiers” and 166 Institutional Nominees), down 70 or 16 percent compared to 447 students in the 2017 freshmen class (214 “automatic qualifiers” and 233 Institutional Nominees).
- ◆ For Fall 2018, the National Merit Corporation reported 208 freshmen designated as National Merit Scholars enrolled in Oklahoma colleges, a decrease of 157 or 43 percent from 365 in Fall 2017.
- ◆ In the 2018-19 fiscal year, total program expenditures were about \$6 million, a decrease of \$1.1 million or 15 percent compared to fiscal year 2017-18.
- ◆ An average of 15 percent of resident participants lose the scholarship after one year in the program; about 73 percent of resident participants retain the scholarship through their 4th year of eligibility.
- ◆ Of the 1,923 participants entering into the program between 2011-2013, 73 percent (1,404) earned at least an associate degree from an Oklahoma institution within 6 years.
- ◆ About 70 percent of all the program’s graduates remain in Oklahoma 1 year after graduation. The retention rate for Oklahoma residents in the program (79 percent) is significantly higher than for nonresidents (48 percent).
- ◆ About 80 percent of the program participants attend three universities—the University of Oklahoma (45 percent), Oklahoma State University (28 percent) and the University of Tulsa (7 percent). The remaining participants are distributed among public regional universities (12 percent), public two-year colleges (5 percent) and other private universities (3 percent).
- ◆ Available data indicates that program participants generally come from higher income families. About 34 percent of participants did not apply for federal financial aid, indicating a lack of financial need or eligibility for federal student aid. Of the 66 percent of participants that reported parental income on the 2018-19 federal application, 81 percent reported a family income of \$50,000 or higher; 51 percent reported family income of \$100,000 or higher.
- ◆ Participation rates for ethnic minority students have remained small over the past 5 years; the rate for ethnic minority students in the program in 2018-19 was 0.4 percent for Black students, 3 percent for Hispanic students, and 3 percent for American Indian students.

Qualifying Criteria

To automatically qualify for the Academic Scholars Program, Oklahoma residents must have received the designation of National Merit Scholar, National Merit Finalist, or Presidential Scholar. Oklahoma residents may also qualify by achieving a score in the top one-half percentile on the ACT or SAT. For 2018, the qualifying ACT score was a sum score of 135 and SAT score was 1560 on the math and verbal sections.

The 1999 Legislature created another avenue by which students can qualify for ASP awards-Institutional Nominees. Applicants may qualify for consideration at public colleges and universities by meeting at least one of the two criteria listed below:

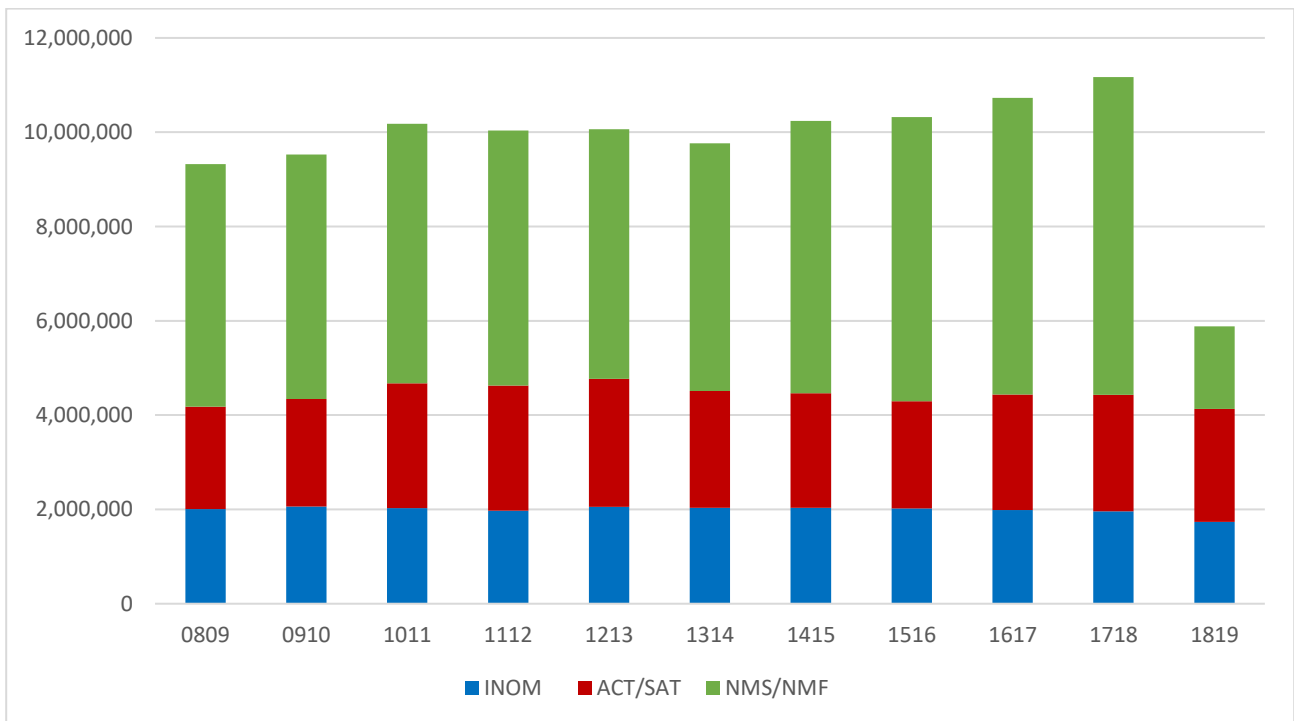

One of the Two Criteria

<u>Tier</u>	<u>ACT or SAT Equivalent</u>	<u>GPA and Class Rank</u>
Research	32 or SAT Equivalent	GPA 3.9 and either Top 2% Class Rank or rank of first or second in their graduating class
Regional Universities	30 or SAT Equivalent	GPA 3.8 and either Top 4% Class Rank or rank of first or second in their graduating class
Two-Year Colleges	29 or SAT Equivalent	GPA 3.7 and either Top 5% Class Rank or rank of first or second in their graduating class

XII. Nonresident Refund Information

- ◆ The statutes governing the Academic Scholars Program (Title 70, Section 2404) limit nonresident student participation to 25 percent of awards or funding.
- ◆ For 2008-09 through 2011-12, to keep the program in compliance with the statutory limits, institutions exceeding 25 percent nonresident participation were required to refund program funds. In June 2010, the State Regents took further action to reduce the limit on nonresident student participation to 20 percent of awards or funding, beginning with the 2012-13 academic year. Similar to action taken in June 2010, the Regents further reduced nonresident participation in September 2016. This change reduced nonresident participation from 20 percent to 10 percent. As a result, the total amount refunded increased from about \$2.3 million in 2016-17 to nearly \$3.9 million in 2017-18.
- ◆ For the 2017-18 academic year, six institutions (University of Oklahoma, University of Oklahoma Health Sciences Center, Southeastern Oklahoma State University, The University of Tulsa, Oklahoma Christian University, and Oklahoma City University) exceeded 10 percent in nonresident student awards and were required to make refunds to the program totaling \$3,888,036.
- ◆ For the 2018-19 academic year, funding for nonresident participation was eliminated.

History of Nonresident Refunds by Institutions

Academic Year	Total Refund Amount
2008-09	\$991,050
2009-10	\$1,181,069
2010-11	\$1,323,588
2011-12	\$1,355,396
2012-13	\$1,764,589
2013-14	\$1,676,220
2014-15	\$1,964,794
2015-16	\$2,228,964
2016-17	\$2,331,781
2017-18	\$3,888,036
2018-19	NA*

*Funding for nonresident students eliminated in 2018-19.
