## ***RELEASE NOTES SUMMARY***

These release notes detail the product improvements and new features included in the March 23, 2022, release.

### **Resolved Issues**

1. Videos describing Career Clusters were appearing at the bottom of the profile page instead of the top.
2. The ribbon on some assigned activities was gray instead of blue.
3. In some circumstances, students could not change the status of their saved college in My Colleges & Applications.
4. The instructional text for the assigned activity “My Reviews and Comments” was missing.
5. Text was not wrapping properly for the Volunteering & Community Service activity.
6. In the Sign In content block, links to Create an Account and Forgot Your Username were not displaying appropriately causing accessibility issues.

### **Enhanced & New Features**

- No enhanced features were included in this release.

## 1. RESOLVED ISSUES

This table summarizes the product improvements included in the March 23, 2022, release.

	<b>Problem</b>	<b>Improvement</b>
1	For every Career Cluster, there is a video describing the cluster. These videos were appearing at the bottom of the Career Cluster profile page instead of the top. (PPS-968)	The videos now appear at the top.
2	The ribbon on some assigned activities (ACT Aspire, PreACT, WorkKeys, SAT Scores) was gray instead of blue. (PPS-875)	The styling has been updated.
3	In some circumstances, students could not change the status of their saved college in My Colleges & Applications. (PPS-722)	The code was repaired.
4	The instructional text for the assigned activity "My Reviews and Comments" was missing. (PPS-668)	The text has been added.
5	Text was not wrapping properly for the Volunteering & Community Service activity. (PPS-448)	The styling issue was fixed.
6	In the Sign In content block, links to Create an Account and Forgot Your Username were not displaying appropriately causing accessibility issues. (PPS-923)	The issue has been resolved.
