2. When printing out a Career Cluster, the 'Pathways in this Cluster' section will now be included in the .pdf.
3. Resolved an issue with merging accounts where the message alerting the professional user that the student has recently logged in was missing.

Enhanced & New Features

- The EFC Calculator has been updated to use improved form and button styling.
- Your Journal has been updated to use improved form and button styling when adding or editing a journal entry.

1. RESOLVED ISSUES

This table summarizes the product improvements included in the December 14, 2022, release.

	Problem	Improvement
1	Identified an issue with some district users not being able to modify tracking for District Assignment and Curriculum sets. (PPS-3092)	All district users should now be able to modify tracking for District Assignment & Curriculum sets.
2	When printing out a Career Cluster, the 'Pathways in this Cluster' section is not included. (PPS-3047)	When printing out a Career Cluster, the 'Pathways in this Cluster' section will now be included.
3	When merging student accounts, the message alerting the professional that the student has signed in recently is missing. (PPS-3319)	When merging student accounts, the message alerting the professional that the student has signed in recently has been restored.

2. EFC CALCULATOR UPDATES

The Estimated Family Contribution (EFC) Calculator styles have been updated in both the Financial Planning and the portfolio activity to use improved form and button styling. Additionally, both the Save and Cancel buttons are displayed after the EFC estimates are saved.

Estimated Family Contribution (EFC)

One of the most important numbers in the financial aid process for you and your family is the Expected Family Contribution or EFC. The EFC is the amount your family is expected to contribute towards paying for college. The federal government will determine your EFC when you file the Free Application for Federal Student Aid, or FAFSA.

[Calculate your EFC](#) using the Federal Methodology in College Board's EFC Calculator.

Enter or edit your EFC estimates:

Expected family contribution (EFC) :
\$

Parents' contribution:
\$

My contribution:
\$

Keep in mind that the estimate of financial need shown can vary significantly among the colleges to which you are applying for aid.

This is because each college sets its own policy about how to determine eligibility for their private funds. Therefore, your final offer of financial aid may be higher or lower than is indicated by this calculator.

3. YOUR JOURNAL UPDATES

The Your Journal styles have been updated to use new form and button styling when creating and editing a Journal entry. The text area has been increased for better useability. The delete text has been replaced with a trashcan icon. The pagination has been updated to match the new styling.

Your Journal Entry
