The screenshot displays the 'Career Plan Builder' interface. On the left, a sidebar shows a navigation menu with 'Career' and 'Learn' sections. The 'Learn' section is expanded to show 'After High School' and 'Choose an Educational Path'. The main content area is titled 'Choose an Educational Path' and contains the following text:

Choose an Educational Path

There are many possible paths to prepare you for the career you chose. Read through the possibilities below and choose the best option for you.

Recommended Educational Requirements

Actor - Education Options

- High school preferred, plus long term, on-the-job training

Many actors enhance their skills through formal dramatic education. Many who specialize in theater have bachelor's degrees, although a degree is not required.

Choose Your Path

Choose a program from the list below, keeping in mind that the time required for each program may vary depending on the school you select.

- Drama and Dramatics/Theatre Arts, General (50.0501)**
- Acting (50.0506)**
- Directing and Theatrical Production (50.0507)**
- Musical Theatre (50.0509)**

- Apprenticeship**
- On-the-Job Training**
- Self-Employment**

An 'Add' button is located at the bottom of the list.

A yellow tooltip box is positioned on the right side of the main content area, containing the following text:

Tip

If you know the college you want to attend offers a program supporting your career plan, be sure to look at that school's profile to confirm the program's name.

A red arrow points from the top right corner of the tooltip box towards the 'Choose an Educational Path' section header.
