# Key Enhancements

March 6, 2025, Release

1. Optional Phone & Email Fields Added to Work-based Learning Applications

Students are now asked to include a contact phone number and email address in their work-based learning application. This will enable an employer or educator to more easily reach out to arrange interviews or next steps.

Email request and validation fields on a work-based learning application

2. Improving Verification: Optional Phone Field for Volunteer Activities

Students can now include a contact phone number when logging their volunteer and community service activities, making it easier for educators to verify their experience. This streamlined validation process ensures accuracy while saving time for both students and educators.

Bug Fixes & Improvements

- **GED Test Scores** – Resolved inaccurate test score ranges and validations
- **IB Test Scores** – Updated name to International Baccalaureate
- **Scholarships** – Removed expired scholarships
- **Work-based Learning** – Fixed incorrect display of professional's name on student's application
- **AchieveWorks Personality** – Fixed incorrect completion status
- **Assignment & Curriculum Builder** – Reinstated edit option on sections for school-level curriculum
- **Demo Accounts** – Resolved error where professionals could inadvertently remove role from their demo account
- **Section 508 (accessibility)** – Fixed contrast errors on the work-based learning application
