

# SCHOLARSHIP ESSAY TIPS

The scholarship essay is a chance for you to shine and to set yourself apart from other scholarship applicants. Writing a good essay is key to winning a scholarship so use these tips to help you move to the top of the list.

## Scholarship essays are used by providers to:

- Find students who meet certain criteria.
- Get to know you as a student and person.
- Make sure your experience and interests coincide with the organization's mission.

## Keep these tips in mind when writing your scholarship essay:

- Take writing your essay seriously; remember it's key to earning the scholarship.
- Make sure your essay is honest, original, conveys your personality and captivates the reader.
- Be organized, meet all requirements, and don't rush through your essay.
- Be prepared to answer the scholarship question (sometimes called a prompt) on a variety of topics, which might include:
  - Future academic or life plans
  - Personal history or achievements
  - Current events or social issues

## Writing Tips:

- Read the directions carefully before you start.
- Be aware of deadlines.
- Brainstorm ideas and create an outline.
- Write a rough draft, a second draft and then a final copy.
- Start over if you finish and your work doesn't seem to fit the scholarship prompt.
- If needed, ask for help from your counselor, a teacher, or someone you know who has received a scholarship that required an essay.
- Use personal and real stories. The scholarship provider wants to know you and what makes you unique.
- The majority of scholarship providers discourage the use of artificial intelligence for composing an essay. Consider AI as a tool to assist in refining your ideas, verifying grammar or enhancing the overall document.
- Use spell check, proofread and be mindful of vocabulary and grammar. Mistakes can be costly. Make use of online grammar and writing tools.

- Write a letter explaining your need for this scholarship, your plans for higher education, and your future career goals.
- Climate change is impacting the world in dramatic ways. If you were the person tasked to find a solution to present to both the public and private sectors, where would you start and what would you recommend?
